

Table of Contents

1. Abstract.....	1
2. Introduction.....	5
2.1 Peptidomimetics.....	5
2.2 Peptoids.....	7
2.2.1 Peptoid synthesis.....	8
2.2.2 Peptoid structure.....	11
2.2.3 Cyclic peptoids.....	13
2.2.4 Peptoid applications.....	15
2.2.5 Biologically active peptoids.....	15
2.3 Short Amino Acid Sequences with Antitumor Activity.....	17
2.3.1 CD44-v6 Peptides.....	17
2.3.2 BAG-1 Peptide.....	18
3. Aims and Objectives.....	19
4. Results and Discussion.....	21
4.1 Considerations: Peptoid Nomenclature.....	21
4.2 CD44-v6 Peptoids.....	22
4.2.1 Submonomer synthesis.....	23
4.2.2 Synthesis of amide-containing submonomers and their incorporation into peptoids.....	25
4.2.3 Optimization of reaction conditions for the synthesis of CD44-v6 peptoids.....	30
4.2.4 Synthesis of a peptoid library based on the human CD44-v6 peptide.....	37
4.2.5 Evaluation of the Met-inhibitory activity of the synthesized peptoid library.....	43
4.2.6 Structure activity relationships in the human CD44-v6 peptoids.....	50

4.2.7 In vivo experiments	56
4.3 BAG-1 Peptoids	58
4.3.1 Submonomer synthesis.....	59
4.3.2 Synthesis of peptoid analogs of the BAG-1 peptide	60
4.3.3 Biological assays with BAG-1 peptoids.....	63
4.3.4 Synthesis of Fluorescein-labeled BAG-1 peptoids	64
4.3.5 Cell binding assays.....	66
4.4 Peptoid Oligomers with Chiral Amide Side-chains	69
4.4.1 Synthesis of peptoid oligomers with chiral amide side-chains	69
4.4.2 Structural investigations of peptoid oligomers with chiral amide side-chains.....	72
5. Summary and Outlook.....	77
5.1 CD44-v6 Peptoids	77
5.2 BAG-1 Peptoids	79
5.3 Peptoid Oligomers with Chiral Amide Side-chains	80
6. Experimental part.....	83
6.1 Materials and Methods	83
6.2 Analytical Methods and Instrumentation	84
6.3 Biological Tests.....	87
6.4 General Procedures	90
6.5 Synthesis and Characterization of Compounds.....	94
Submonomer syntheses	94
Peptoid syntheses	105
7. Abbreviations	147

8. References.....	153
9. Appendix.....	163
9.1 Lebenslauf	163
9.2 Publications and Conferences	164
9.3 Acknowledgements	165
