| <b>Appendix A Source Code</b>   | <b>157</b> |
| A.1 HTML and Django code rendering the timeline with markers on it . . .                                    | 157        |
| A.2 JavaScript code that is responsible for rendering the topic map interface                               | 159        |
| A.3 Sourcecode that draws the SVG node labels . . . . .   | 161        |
| <b>Appendix B Questionnaires</b>  | <b>163</b> |
| B.1 Recruiting Questionnaire for the Laboratory User Test . . . . .   | 165        |
| B.2 User Tasks for the Laboratory User Test of the Annotation Functions .                                   | 167        |
| B.3 Results of the User Tasks for the Laboratory User Test of the Annota-<br>tion Functions . . . . .       | 172        |
| B.4 Post Test Questionnaire for the Laboratory User Test of the Annotation<br>Functions . . . . .           | 176        |
| B.5 Questionnaire for the User Test of the Manuscript Function in a Semi-<br>nar Setting . . . . .          | 180        |
| B.6 Questionnaire for the Expert Evaluation of the Topic Map Data . . . .                                   | 184        |
| B.7 Questionnaire for the User Evaluation of the Semantic Topic Map<br>Function in a Pre-Study . . . . .    | 186        |
| B.8 Questionnaire for the User Evaluation of the Semantic Topic Map<br>Function in the Main Study . . . . . | 188        |
| B.9 Questionnaire for the User Evaluation in a MOOC Scenario . . . . .                                      | 191        |
